

We are a leading provider of health and safety consultancy based in the south-west

Health and safety management system for £500

Safety Horizon is offering a massive saving for customers who purchase a health and safety management system during June/July 2011.

This is a massive saving which will provide users with a large amount of health and safety information at the touch of a button.

The **benefits** for purchasing the management system:

- Raising knowledge and understanding;
- Clear explanation of duties and responsibilities;
- Having a library of information and templates which can be accessed easily;
- Assists in complying with relevant legislation;
- May reduce insurance premiums;
- Used to support tender applications;
- Reduce the likelihood of accidents occurring.

The following information is included with the management system:

- Access to over 38 written procedures and supporting templates. The procedures will cover all operational activities (including workshop operations);
- 20 tool box talks which can be delivered to your operatives to improve competence;
- COSHH assessments sheets on a wide range of substances.

~~£2995~~ + VAT (normal price)

£500 + VAT (July 2011 only)

Note: Why not add your logo on every procedure, template and tool box talk so the system fits within your corporate brand. There is an additional cost £150 + VAT for this.

Give us a call or send us an email if you would like more information.

Many thanks

Safety Horizon Team
