Liberty Homes retain Safety Horizon for health and safety support

Safety Horizon would like to thank Liberty Homes for the annual retainer they took out in June 2011.

Along with a review of their health and safety policy Safety Horizon will be providing site based support to their housing development in Huntingdon.

Neil and Jane Pickwell, the owners of Liberty Homes, have been building high quality houses for over 30 years. They have a wealth of experience in this sector and utilise a team of skilled craftsmen to assist with their projects.

As with most construction projects the major hazards will be slips, trips and falls, manual handling, working at height and moving machinery.
