

SAFETY HORIZON

HEALTH AND SAFETY CONSULTANTS

We are a leading provider of health and safety consultancy based in the south-west & east midlands

Utilimap work closely with Safety Horizon

Safety Horizon have been retained by Utilimap to provide health and safety support to their organisation.

Employee development is extremely important to the directors of Utilimap and Safety Horizon are initially running an IOSH Managing Safely course for their key employees.

Utilimap Limited is fast becoming a house hold name within the construction industry being recognised for providing quality and accurate utility mapped and topographical survey information to its clients throughout the UK.

Their work stems mainly from client recommendation which they pride themselves on and continually strive to maintain, this has contributed to their growth.

They continually invest in their staff, products, technology and techniques ensuring they provide the very best to all of their clients maintaining their investment and trust.

They deliver the same high standard of data to all of their clients regardless of the size or value of the contract, providing the big company service with the small personal touch.

Hazards within their work place include: Underground electricity, slips trips and falls and manual handling.

Many thanks for choosing us.

The Safety Horizon team
